EVESYS

THE INTEGRATED EVENT MANAGEMENT SYSTEM FOR MICROSOFT WINDOWS

This leaflet describes the key features of EVESYS, the Integrated Events Management System which helps those businesses involved in setting up events, conferences, and conventions. EVESYS also manages sub-, and associated events such as conference dinners and exhibitions.

EVESYS is a Microsoft Windows compatible product, running either on a standalone PC or on a network. Almost any PC built within the past 10 years will run EveSys. The program runs with MS-Access 2003 and later on all versions of Windows from Windows XP to Win10, and on 32-bit or 64-bit architecture.

EVESYS models all of the aspects of your events business, including your individual and corporate customers, clients, registrants, attendees, exhibitors and suppliers. Addresses (current & historical), telecommunications, links with organisations, interests and roles, and transaction records of your individual clients and of your organisational and institutional clients contacts of any kind with your company are recorded. EVESYS uses user-defined codes so that you can be sure that your business can be flexibly represented in the system.

Events and SubEvents may be recorded by class, type, dates, venue, prices, chargeable extras (e.g. dinners) and with individual rôles involved (e.g. organising committee).

Booking prices and discounts for attendance, and for events and event extras. Subevent bookings are as given for event bookings, but may include bookings of facilities, such as exhibition stands and space. Charges and payments may be posted to the finance ledger.

To find out more about this useful product, and to see how you might use it in your business, read on ...

EVESYS: An Outline

EVESYS stores the following user-definable types of information:

Departments multiple-level accounting headings;

Organisations and Individuals are very flexibly defined to allow all kinds of user-

defined attributes to be recorded, e.g. venue/sponsor/attendee;

Events organised planned occasions with class/type/title/description/venue/

dates/times/prices/subevents/rôles (of individuals and organisations);

Subevents are associated with an events (e.g. exhibitions) and may have all of those attributes, plus facilities such as bookable stands and spaces;

such as dinners/proceedings may be purchased or booked, with or

without a charge;

Bookings include invoicing, receipt, and posting of finance, and allow flexible

price structures and attendance for all or part of an event, including event extras. Any rôle of an attendee (e.g. Chair) will also be shown;

unlimited organisation addresses, date ranged and with user-defined

types (e.g. "Delivery", "Payment", "Main").

Rôles user-defined roles for individuals and organisations;

Contacts multiple contact details in each organisation.

Reports a wide variety of standard reports is provided. Invoice, Order,

Remittance, and other business forms are built in.
